

Visa® requires credit card issuers to participate in the Visa® Account Updater (VAU) service.

The Visa Account Updater (VAU) is an account updating service in which your card is automatically enrolled. When your card(s) expire, are lost or stolen and new cards are issued, the service may update relevant card data (card numbers and expiration dates) to appropriate merchants who participate in an effort to facilitate uninterrupted processing of your recurring charges. This service provides updates to a Visa® database only. The database is accessed by those qualified merchants seeking your account information after you have requested they process a recurring payment or payments. This service is provided as a free benefit to you.

If at any time you wish to opt-out of the VAU service or if you have any questions, please complete this form and bring it in to the credit union. You may also you mail, fax or email it to us.
